

2019 Corporate Governance Statement

The Board of Alcidion Group Limited (the **Company** or **Group**) is responsible for the overall corporate governance of the Group. The Board believes that good corporate governance helps ensure the future success of the Company, adds value to stakeholders and enhances investor confidence.

The ASX Listing Rules require listed companies to prepare a statement disclosing the extent to which they have complied with the recommendations of the ASX Corporate Governance Council (**Recommendations**) during the reporting period. The Recommendations are not prescriptive, such that if a company considers a recommendation to be inappropriate having regard to its own circumstances, it has the flexibility not to follow it. Where a company has not followed all the Recommendations, it must identify which Recommendations have not been followed and provide reasons for not following them.

This Corporate Governance Statement (**Statement**) discloses the extent to which Alcidion Group Limited has followed the Recommendations, or where appropriate, indicates a departure from the Recommendations with an explanation. This Statement should be read in conjunction with the material on our website www.alcidion.com, including the 2019 Annual Report.

This Statement is current as at 20 September 2019 and has been approved by the Board of Directors of Alcidion Group Limited.

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

Recommendation 1.1 - Role of the Board and Management

The role of the Board is to approve the strategic direction of the Group, guide and monitor the management of the Company and its businesses and oversee the implementation of appropriate corporate governance with respect to the Group's affairs. The Board aims to protect and enhance the interests of its shareholders, while taking into account the interests of other stakeholders, including employees, customers, suppliers and the wider community.

The Board has a formal Board Charter which is available on our website at www.alcidion.com that clearly sets out those matters expressly reserved for the Board's determination and those matters delegated to management.

The Board delegates responsibility for the day-to-day management of the Company and its businesses to the Managing Director (**MD**). The MD is supported by the senior executive team and delegates authority to appropriate senior executives for specific activities and transactions via a formal 'delegations of authority'. The Board maintains ultimate responsibility for strategy, control and risk profile of the Group.

Recommendation 1.2: Appointment of Directors

The Nomination Committee (or in its absence, the Board) facilitates the selection and appointment of Directors. Before the Board appoints a new Director or puts forward a candidate for election, the Nomination Committee will ensure that appropriate background checks are undertaken. We provide our shareholders with all material information in our possession that is relevant to their decision on whether or not to elect or re-elect a Director through a number of channels, including via the notice of meeting and other information contained in the 2019 Annual Report.

Recommendation 1.3: Appointment Terms

Upon appointment, each Director receives a letter of appointment which sets out the formal terms of their appointment. Directors also receive a deed of indemnity, insurance and access.

Each senior executive has a written contract with the Company, setting out the terms of his or her appointment, including remuneration entitlements and performance requirements.

Recommendation 1.4: Company Secretary

The Board is supported by its Company Secretary, whose role includes supporting the Board on governance matters, assisting the Board with meetings and directors' duties, and acting as an interface between the Board and senior executives across the Group. The Board and individual Directors have access to its Company Secretary.

Under the Company's governance framework, the Company Secretary is accountable to the Board, through the Chair, on all matters regarding the proper functioning of the Board. The Board is responsible for the appointment of the Company Secretary.

Details regarding our Company Secretary, including experience and qualifications, is set out in the Directors' Report in our 2019 Annual Report.

Recommendation 1.5: Diversity Policy

The workforce of the Company comprises individuals with diverse skills, backgrounds, perspectives and experiences and this diversity is valued and respected. To demonstrate the Company's commitment to developing measurable objectives to achieve diversity and inclusion in its workplace, the Company has implemented a Diversity Policy which can be viewed at www.alcidion.com. The Company's policy has meritocracy as a guiding principle and seeks to align the Company's management systems with its commitment to continue to develop a culture that values and achieves diversity in its workforce and on its Board.

The Board and management considers building a diverse and inclusive workforce as paramount to gaining the best insight into the needs of our customers and stakeholders. A diversity of perspectives and backgrounds also strengthens creativity and innovation in teams. Particular focus is paid to achieving a balance of men and women in senior management positions across the Group.

The proportion of women on the Board, in senior executive positions and women across the entire organisation as at 30 June 2019 was as follows:

- Women on the Board – 33.33%
- Women in senior executive positions – 42.86%
- Women across the entire organisation – 38.10%

The Company's workforce is relatively small and as such the Board does not believe it is appropriate to establish formal diversity objectives at this stage and therefore, we do not comply with Recommendation 1.5 in its entirety.

Recommendation 1.6: Board Performance Assessment

The Board is committed to formally evaluating its performance, the performance of its Committees (if applicable) and individual Directors, as well as the governance processes supporting the Board. The Board does this through an annual assessment process.

The review process involves:

- completion of a survey by each Director and nominated Senior Executive who have regular interaction with the Board, facilitated by the Company Secretary;
- the preparation and provision of a report to each Director with feedback on the performance of the Board based on the survey results; and
- the Board meeting to discuss any areas and actions for improvement.

In the case of the Managing Director, this review is conducted by the Chair and the results are reported to the Board.

An internal Board assessment took place in July 2019. An analysis of the data collected indicated that the Board is functioning effectively against the majority of its criteria. It was also noted that there were some opportunities identified to improve Board effectiveness.

Recommendation 1.7: Senior Executive Performance Assessment

Senior Executives are appointed by the Managing Director and their Key Performance Indicators (**KPI's**) contain specific financial and non-financial objectives. These KPI's are reviewed annually by the MD.

The performance of each Senior Executive against these objectives is evaluated annually.
